SATRIA RAMADHASENA

2023 PORTFOLIO SAYA

ABOUT ME

SATRIA RAMADHASENA

Undergraduate Management student from UPN "Veteran" Jakarta in 2021 who has experience in data analysis. I have a high interest in the field of data analysis which is used to build strategy and human resources development. Because of that, I hope that my experience and interest can be a bridge for my future career in the field of data analysis and human resources development.

PROJECT EXPERIENCE

- Final Project Excel MySkill
- Business Case Competition Infest Bandung Institute of Technology (Juni 2023 - Juli 2023)
- Business Case National Talent Growth (April 2023 - Juni 2023)

ACHIEVEMENTS

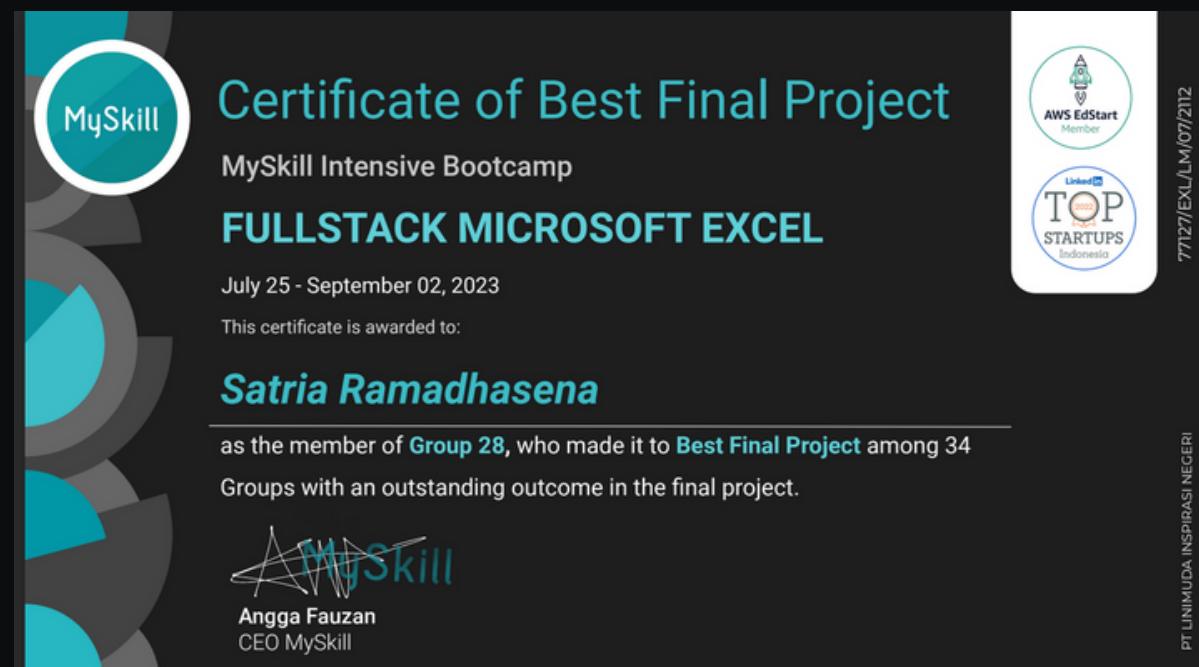

- 5th Place Winner of Business Case Competition at Budi Luhur University
- Best Team of Final Project Excel Batch 13

BOOTCAMP EXCEL PROJECT

Through self-paced online courses, I have built a strong foundation in Excel skills. Strong grasp of Excel formulas and functions for data manipulation. Proficient in data validation, visualization, and interactive dashboard creation. Excel capabilities span PivotTables, lookups, and business intelligence best practices. Built solid foundation across key aspects of Excel analytics.

As a member of the Excel Batch 13 final project team, I fulfilled the pivotal roles of data cleansing, PivotTable construction, and drafting dashboard design specs.

COMPETITION PROJECT

I am participating in a business case competition national at talent growth as a team member, and my role and responsibilities are By analyzing key problems, supporting data from 3 relevant sources on Indonesian MSME digitalization, fintech lending landscape, and loan interests, crafting a detailed SWOT analysis, and developing an apt business model, we can address issues in an impactful, contextualized manner.

I am participating in a business case competition INFEST ITB 2023 as a team member, and my role and responsibilities are Analyzing product competencies and opportunities, DSPA structure for execution, and consumer behavior and preferences provides strategic insights to optimize product positioning, messaging, and developmental roadmaps tailored towards target consumer values and motivations for growth.
